# Double thread screw zinc M8x200

The upper part of the hanger bolt has a thread with Torx head and the lower part has a wood thread. The 2 thread types are separated by a hexagonal middle section. This middle section makes it possible to tighten the screw with a spanner. The wood thread can be fixed faultlessly in wood or, with the help of a plug, in concrete. Rofix pipe brackets, among others, can be easily attached to the thread.

## General information

| | |
|---|---|
| Product ID | 50000926 |
| GTIN | 5413574278877 |
| Manufacturer name | Rofix |
| Brand name | ROFIX |
| Product in stock | No |
| Net length | 0.2 m |
| Net width | 0.07 m |
| Net height | 0.08 m |
| Net weight | 0.025 kg |
| Net volume | 1.12 m³ |
| REACH indicator | Does not contain any SVHC in excess of 0.1% product weight |
