Double thread screw zinc M10x50

The upper part of the hanger bolt has a thread with Torx head and the lower part has a wood thread. The 2 thread types are separated by a hexagonal middle section. This middle section makes it possible to tighten the screw with a spanner. The wood thread can be fixed faultlessly in wood or, with the help of a plug, in concrete. Rofix pipe brackets, among others, can be easily attached to the thread.

General information

Product ID	50000100
GTIN	5413574011177
Manufacturer name	Rofix
Brand name	ROFIX
Product in stock	No
Net length	0.14 m
Net width	0.075 m
Net height	0.08 m
Net weight	0.016 kg
Net volume	0.84 m³
REACH indicator	Does not contain any SVHC in excess of 0.1% product weight

Ordering information

Order unit	Piece
Minimum quantity	100
